Spiralling out of poverty & salinity

Use of resources under NREGA to address the issues of poverty in salinity affected coastal regions of Bharuch district:

1.0 Background:

VIKAS has long term involvement (three decades) in facilitating freedom of bonded agriculture labours (20,000 families) living in coastal villages of Bharuch district.

Macro-economic changes combined with intensive educational empowerment followed by strong focus on accessing means of production (wastelands, village ponds, surplus agriculture land) and wealth generation activities by providing technological/credit inputs (SAVE & Lok Vikas Nidhi) have resulted in freeing of about 12,000 families over a period of last 10 years. However there are still about 8,000 bonded families having collective debt of Rs. 5.6 Crore waiting to be free from this inhuman cycle of borrowing and bondage.

VIKAS sees combined use of NREGA & RIT as an opportunity to address this unfinished task.

In order to realise this objective VIKAS with the support from Coastal Salinity Prevention Cell (CSPC) (October 2009) & SAVE the Children (June 2009) initiated a pilot project.

2.0 Work carried out:

Under the programme the focus has been on facilitating access of poor to resources under NREGA as legitimate entitlements leading to development of productive assets aimed at reducing their vulnerability.

This is being achieved by

- Creating local institutional mechanism,
- Providing technical services in preparing and implementing village specific plans
- Facilitating joint use of provisions of NREGA & RTI Act by poor to get entitlements & dues

For this VIKAS created

- Technical resource group at regional level covering 120 villages
- Four Community organisers each covering 30 villages
- 40 Development activists each covering three villages

2.1 The activities carried out under the Programme:

Following is a set of activities carried out over the programme period.

May 2009

During this month meetings were organised with District Development Officer, Bharuch District to solicit the mandate and support to initiate the programme. As a result of this, DDO requested VIKAS, as pilot effort, to identify set of villages where people would be interested in taking advantage of the scheme. The general impression in the Government administration was that though Government wants to initiate the activities local people do not come for the work.

Based on our suggestions DDO instructed Taluka Development Office, Jambusar to initiate work in nine villages. VIKAS organised meetings with representatives of Janshakti Parishad & leaders from the selected nine villages to ascertain the need of local people.

After much effort work in eight out of nine villages was carried out.

Due to intensive mobilisation of local people and involvement of team of VIKAS people participated in the programme in large numbers. (Exceeding the expectations of district development administration) Efforts were also made to ensure timely and full payment to workers.

The village-wise generation of person days:

	Village	Women	Men	Total
1	Kalak	1054	983	2037
2	Sardarpura	570	620	1190
3	Vanseta	312	306	618
4	Tundaj	370	358	728
5	Tankari	4227	4091	8318
6	Sigam	340	297	637
7	Gulal	428	380	808
8	Thakor Talavdi	230	221	451
9	Vavli	0	0	0
Total		7,531	7,256	14,787

June 2009

In the second phase, meetings were organised with the representatives of Parishads of Jambusar, Amod and Vagra taluka to share the experience of Jambusar taluka and also plan out similar activities for all the three talukas at a larger scale.

One of the major issues was soliciting demand for work from local people. It was observed that local people were sometimes not enthusiastic about participation mainly because of delayed and incomplete payment against the work. VIKAS ensured them of intensive follow up with the Government and requested members of Parishad to carry out major campaign to solicit demand for work. A survey form was canvassed in all the 120 villages and as a result demand for work was collected from 44 villages from three talukas. The details are as under:

Summary of demand for work received					
Sr. No.	Taluka	Total Villages	Women	Men	Total Workers
1	Jambusar	22	1044	1125	2169
2	Amod	5	129	134	263
3	Vagra	17	678	701	1379
Total		44	1851	1960	3811

After receiving applications from 44 villages detailed planning exercise for 16 villages was carried out. This included wasteland development and mangrove plantation as well as development of individual land of BPL families belonging to Schedule Tribe. On 24th June 2009 the District Planning Board approved the proposal amounting to Rs. 108.29 lac.

August 2009

During this month, due to insufficient rains in Gujarat, Government of Gujarat started an intensive programme to build *Bori Bandh* in a campaign mode throughout the state. VIKAS organised major meetings with representative of Parishads & Gujarat Land Development Corporation.

September 2009

This month was market with unearthing of a major fraud in implementation and payment of wages, committed by village Sarpanch, Talati, and Postmaster of Ora village. Money in the name of local laboureres who were Chakars (Bonded Labourers) was wrongfully taken away by the officials. The complaint under RTI was by cadres of Parishad against the earring officials and finally they were put behind the bars by DDO, Bharuch district.

Note: From post office A/c of two tribal labourers, amount of Rs.7,956/- was wrongly taken out by officials. Police case was filed by the local people. Village Sarpanch, Talati and Post Master were kept in jail for three days.

October 2009

During this month survey was carried out to assess the development potential of land received by BPL tribal families from Government. This was followed by preparing planning and facilitation of allocation of funds through Gujarat Land Development Corporation to develop these plots of land. Total fund allocated for the activity to be carried out on land belonging to 182 families is to the tune of Rs. 52.00 lac.

The work carried out during this month under NREGA.

Taluka	Total Villages	Men	Women	Total Person Days	Total families

December 2009

An awareness campaign was organised from 1st December 2009 to 21st December 2009 (for 21 days). For dissemination of information on NREGA and RTI Act material like posters, handouts etc. were developed. During the campaign, list of 2,220 families without having job cards was prepared. Supports have been given to those families for availing job cards. Moreover, 883 people have done applications for seeking work under NREGA. Our NREGA team members are supporting them for availing work through coordination with Gram Panchayat.

Further, on 15th February, 2010, 44 members, labourers of Ora village and members of Lok Parishads –Jambusar, Amod & Vagra together organised a rally from office of Collector to DDO Bharuch district and hunger strike. Following this act of assertion Sarpanch resigned.

Way Forward:

The support from District Development officers (DDO), sound community mobilization & organisation (Taluka level Parishads of ALs) combined with technical support from the team has helped in creating a vibrant institutional mechanism which ensures effective implementation of programme objectives. This needs to be nurtured and strengthen for a long term institutional sustainability of the process.

Following specific Programme activities proposed to be taken up:

- 1. Santhani ni Jamin**
Development of **651 acres** land given to **218** schedule tribe (ST), Below Poverty Line (BPL), agriculture laboureres families by the Government
- 2. Development of Wasteland**
1140 acre saline wasteland given to **400** schedule tribe (ST), Below Poverty Line (BPL), agriculture laboureres families by the Government
- 3. Mangrove regeneration**
100 ha. of mangrove plantation in 20 coastal villages of the region

All the three above mentioned activities would be developed with leveraging resources under NREGA. For this District Development Officer has shown positive interest.

The financial requirement for the above three activities have been estimated as under.

Sr. No.	Particulars	Land Area	No of Families	Estimated amount (Rs.) lac	NREGA Rs. In Lac	People's Contribution	External Contribution

Annexure : Case Study

Name: Rathod Jiviben Madhavbhai
Age: 55 years. Widow
Village: Samoj, Taluka: Jambusar, District: Bharuch
Family Details: Four members (Self, 2 Sons & 1 Daughter)

Jiviben was working as a *Panihari* at the house of village sarpanch and received of Rs.200/- per month as wages. Government provided 2.5 acre land with survey no. 353 under redistribution of agriculture land, collected under rural land ceiling Act. That land was lying unutilized since long.

Team members of VIKAS came to know about the dire economic situation of Jiviben. Further, upon inquire team members of VIKAS found out that though job card has been issued to Jiviben but are unlawfully kept by the Post master. After rigorous follow up with post master, Jiviben got back her job card.

Similarly VIKAS also helped Sitaben, Ranjitbhai, Sonaben and Dhulabhai of Samoj Village in getting their job cards back and in the process created greater understanding and awareness among local people about their rights and entitlement available under NREGA.

Till date totally 20 days of work has been completed on the land belonging to Jiviben resulting into income of Rs. 5,500/-. This would improve the condition of her farm as well as her economic condition in long run.

Name: Kanchanbhai Punabhai Vasava
Age: 60 Years (Widower) Caste: Schedule Tribe
Village: Tegva, Taluka Amod, District Bharuch
Family Details: Three members (Self, 1 son, 1 daughter)

Kanchanbhai, a widower stays with his son and a daughter (ages; 17 and 10 years respectively) in Tegva Village of Amod taluka. They were engaged in fire wood cutting activity. Whenever need arises, they had to go to another village in search of labour work. Normally, Kanchanbhai also takes along his daughter, who was studying in grade V. In order to support her family, she stopped going to school and started working in fields.

On becoming aware of the situation of Kanchanbhai's family, VIKAS advised Kanchanbhai to work on ceiling land provided to him by the Government. VIKAS suggested to him that through using resources under NREGA he would be able to work on his own land as well as ensure continuation of studies of his daughter.

Kanchanbhai accepted the suggestions and initiated activities like Baval cutting, land cleaning and constructing of farm bunding on his own land from 25th January, 2010. This generated income for him as well as his daughter rejoined the school.

Name: Kabhai Sursangbhai Rathod
Age: 57 Years Caste: Schedule Tribe
Village: Ranad, Taluka Amod, District Bharuch
Family Details: Six members (two male, two female, 2 children)

Kabhai was engaged as *Chakar* (contracted Labour) with a farmer with large landholding for duration of six months at a monthly salary of Rs.1,000/-. Under the guidance of VIKAS through NREGA Kabhai has started agriculture work in the land received from Government. This has generated employment for 11 persons including four members of Kabhai's family.

This has resulted in freeing of Kabhai's wife and daughter from being *Panhiari* and two other children stopped going for agriculture work in cotton field.
